How the Self Employment System works?

As mentioned above, the Self Employment System is based on a Stipend In-come which you earn for the services you provide as an Apprentice. It is calculated based on the Service Value (SV) earned by each Apprentice.

The Stipend grows, as you evolve through your journey towards becoming an Entrepreneur.

To activate your Stipend Income as an Apprentice, you need to first introduce three equally motivated Aspiring Entrepreneurs into the system as your Co-Apprentice, who need to further do the same.

Once you and your team begin adopting the self education system by using our digital products, your stipend income will grow.

The Four Levels and the associated Digital Products are:

LEVEL	LEVEL NAME	COST (+ Taxes)	SERVICE VALUE	MAXIMUM DAILY STIPEND INCOME (Daily Ceiling)	MONTHLY EARNING POTENTIAL
1	DYNAMICALLY STRONG YOU	\$18	9 SV	\$36	\$1080
2	DYNAMICALLY WEALTHY YOU	\$36	18 SV	\$72	\$2160
3	DYNAMICALLY WHOLESOME YOU	\$72	36 SV	\$144	\$4320
4	DYNAMICALLY WISE YOU	\$144	72 SV	\$288	\$8640

To qualify to higher levels, you need to further assist in the expansion of the Community by inviting more Aspiring Entrepreneurs to benefit from our program.
